GATES OPEN

The Pan American Exposition at Buffalo Has Started.

TWENTIETH FORMAL OPEN

The Government Exercises a Noted Mexican Band This Morning.

PRESIDENT M'KINLEY'S OVATION

Buffalo, May 1.—The gates of the Pan American exposition were opened this morning. There were great crowds, despite the threatening weather. The formal opening takes place this afternoon.

OUTLAW EXECUTED

Hermosillo, Mexico, May 1.—"Apache Kid," a desperate Indian outlaw, was this morning executed under government decrees.

A CONTINUED OVATION

Jackson, Miss., May 1.—President McKinley was again greeted by large crowds today in all the towns he passed through. There was a big demonstration here and at Vicksburg. The party reaches New Orleans at 1:30.

SUCCESSOR NOT NAMED

Frankfort, May 1.—A successor to Dr. E. R. McCormick, superintendent of the Hopkinsville asylum, has not been named. Despite the heroic efforts of his friends, Dr. McCormick must go. Inspector Hines made a statement today saying that the removal was decided on after careful investigation.

A HORRIBLE DEATH

Henderson, May 1.—Dave Spalding, a drifter, was killed this morning by the explosion of a keg of yeast. His death was a most horrible one; the explosion blowing his head to atoms.

CIRCUIT COURT.

THE RAMSEY CASE STILL ON TRIAL THERE.

The case of Ramsey against the city of Paducah and Wm. Erber, for \$2,500 damages is still on trial in circuit court and will probably be finished today.

The judgment in the case of R. G. Caldwell, assignee, vs. Ellen Baker and others, was today filed and settled and the case dismissed. The judgment was rendered in favor of the plaintiff and amounted to \$100.52 and costs of the court.

TO LOCATE IN MICHIGAN.

Mr. W. A. Henderson and family left for Metamora, Mich., their old home, today at noon to reside. Mr. Henderson has resigned his position as stock claim agent of the N. C. & St. L. railroad, which he has held for the past seven years, and will reside from business. He has made many friends, since his residence in Paducah, who will regret to see him leave Paducah.

NEWSPAPER CHANGE.

Mr. George T. Harris has resigned his position on the Evening News, and will probably accept a place on the Democrat.

Mr. Arthur Bailey succeeded him on the News temporarily.

A sober, strong and energetic young man, 21 years of age, would like to get a position at anything honorable. Address M. care of this office. 1247

THE LICENSE.

TODAY ALL ARE DUE AND THERE IS A BIG RUSH.

Today all city licenses are due, and there is quite a rush in Clerk Fisher's office. About two hundred licenses of various descriptions have been issued. The following are some of the licenses and the amounts: Saloons, \$4, \$150 per year; insurance companies, \$4, \$50 per year; wagons and vehicles, \$60, \$5 per year; retail merchants, \$5 per year; 255 licenses; wholesale merchants, \$25 per year; 40 licenses; quart liquor license, \$8, \$25 per year; druggists \$5, \$25 per year; mercantile brokers, \$1, \$10 per year; barber shops, \$1, \$5 per year; physicians, \$7, \$10 per year; attorneys, \$8, \$10 per year; dogs, \$28. The tax on dogs \$1.35 and \$2.00 per year.

PAINFUL INJURY.

Wm. A. Walker, an employee of the Paducah Veneer factory, Mechanics' block, had his left arm split open by a saw this morning.

Dr. Coyle dressed the injury, which will disable Mr. Walker for several days.

THE WEATHER.

Forecast for Paducah: Fair and continued warm tonight and Thursday.

Several local doctors have received invitations to be present at the telephone exchange tonight at 7 o'clock where a man in this city will be hypnotized over the long distance telephone by a hypnotist in Chicago. The affair promises to be interesting and the physicians will attend.

QUARTERLY COURT.

Judge Tully is at work on his May term docket for quarterly court. He will have it completed by Saturday. The docket will show about 40 cases.

STRANGE MAN AND DOG.

A Chicagoan just returned from a trip east says that the easiest way to save a Saratoga mine is to drink a water that is not produced there. No resident of Saratoga, it is said, ever thinks of drinking the spring water, but he takes it as an insult if a visitor does not and regards as an enemy the person who has the temerity to order and pay for an imported water.

TRAILING A COW.

A cow belonging to Wallace Titlow of Clovis Valley, N. J., fell into a fourteen-foot well. With the aid of a derrick the cow was three times raised to near the surface and three times she tumbled in again. The fourth trial brought her to hand ground and then the derrick fell, fracturing the skull of Martin B. Lewis.

THE ENCLOSURE IS COMPLETED

As the time approaches for opening the Elks carnival, there is a big rush for concessions. Nearly every privilege has been let, but there have been two or three applications for each one.

The work now is largely of closing contracts. An excursion that promises to bring a large number of people will be run from Shelbyville, Ill., at a rate of \$1.50 for the round trip. The Queen City band desires a date for that day, and may accompany the crowd.

THE "TWO JOES"

The "Two Joes" are still out whooping 'em up for the carnival. Mr. F. L. Carson, who has been in Illinois distributing advertising matter, returned this morning.

In the list of "spellers" given yesterday the name of one of the chief and most potent of the noisy gentry was left out. Mr. H. C. Itcp is the slighted speller, and his name is now given because he will be a power for the hosts to reckon with.

One of the features of the flower parade, in addition to the initial appearance of the riding club, will be a bicycle parade of boys and girls, with decorated wheels. Prizes will be offered for the best decorated, and all those who are to enter are requested to leave names at the committee headquarters on Third street.

The enclosure for the carnival is about complete. Next week the work of preparing booths will begin, and the various attractions will arrive.

Secretary A. C. Atkins is able to sit up again. His work is being attended to by Mr. Henry Nuan.

The young men composing the riding club, which is to take part in the Elks carnival flower parade, are as follows: Ben T. Frank, president; Vaughan Scott, vice president; Clyde Bell, secretary; Osborn (Rike), treasurer; and Frank Davis, commander. Members: George DuBois, David Koger, Marshall Puryear, Edward Toof, Herbert Martin, Jesse Worten, Garth Ferguson, Robert Wallace, Will Scott, Will Rudy, Thomas Linn, Milton Wallerstein, Leo Keller, John Rogers, Ernest Caldwell, Henry Carr and Ewing Gilson.

MISS MAIMIE PETTIT, OF PRINCETON,

will be maid of honor for the carnival from that place.

A WOMAN'S RIGHTS CALENDAR.

In the interest of reform Miss "Travels" Arlan publishes every year in Russia a woman's rights calendar, including the laws passed relating to women and various women's societies.

GUINNESS SUGAR-CANE CROP.

The sugar-cane crops seem above the average, and there is every prospect that the October to December grindings will bring good results. A good crop was much needed to compensate for the disappointing results of 1899.

TWO SCORE YEARS FROM NOW

The young man of today can enjoy the sunset of life in ease when old age has unseated him for the struggles of a bread winner. Under one system of life insurance you provide both for your family and yourself in later years. Call and see how to repose in security at the milestone of three score and ten. In strength prepare for feebleness.

The Old and Tried Phoenix Mutual will give you the best endowment policy, which will provide for old age. We will gladly explain it to you.

FULLY EXONERATED.

THERE WERE NO GROUNDS FOR A WARRANT AGAINST MR. T. B. BOWMAN.

The Omaha Daily News, in regard to the warrant issued here several days ago against Mr. T. B. Bowman, well known here and formerly local representative of Armour, says: Chicago, April 19.—A Paducah, Ky., special to the Chronicle says: O. R. Bradford, auditor for the Armour Packing company, has secured a warrant for Thomas R. Bowman, of Omaha, who several weeks ago, resigned his position of representative with embedding, \$320. He notified the Omaha office, which afterward wired to have the warrant dismissed.

General Manager Howe, of the local Armour plant stated that Mr. Bowman has not been in the employ of the Armour company for some months and that no order had been issued from the management here for his arrest. He said that at the time Bowman severed his connection with the company all differences had been adjusted. Mr. Howe said that he knew nothing about the arrest of Bowman.

OFFICIAL REPORT.

THE SCHOOL CENSUS IS COMPLETE NOW—BY INCREASE.

Mr. E. B. Richardson, who has been appointed to copy the school census has finished the count which shows the following school children by wards:

First ward—White 866, colored 614.

Second ward—White 330, colored 115.

Third ward—White 274, colored 92.

Fourth ward—White 412, colored 207.

Fifth ward—White 688, colored 308.

Sixth ward—White 230, colored 107.

Total 5,678.

The official report will be made out Tuesday morning and given in at the next meeting of the school board, Tuesday night. This year's census shows a large increase over that of last year.

CONSTABLE DECLINED.

THE COMMISSION FOR MAGISTRATE WAS RETURNED TO THE GOVERNOR.

Constable Alex Patton, who was appointed by Gov. Beekman magistrate in the Seventh district to succeed the late Justice J. H. Little, last night returned his commission to Gov. Beekman, declining to qualify. The reason was that he is the regular nominee for constable, and as Mr. Jesse Young was ordered placed on the ballot for the nomination for magistrate, instead of Justice Little, he did not deem it worth while to qualify for the few intervening months.

Mr. Young will probably be appointed by Gov. Beekman.

Street Inspector Will Utterback has about finished work on the city park on Fountain avenue near Madison street. The work was ordered done by the council about three weeks ago. A wire fence will be built around the park this afternoon and with this completed the park will be finished.

THE RAILROAD.

MILLIONAIRE JOHN JACOB ASTOR PASSES THROUGH PADUCAH.

Dispatcher Bennett Ill—Other Mailers of Interest in Railroad Circles.

The Illinois Central yard clerk's office, which is now at the farther end of the yard, will be removed to the dispatcher's office about Tuesday. The operators will also be at the dispatcher's office excepting one who will remain stationed at the scale office. This change will be of much convenience to the yard employees, who are rejoicing over the removal.

Engineer Wm. Nourse, who was recently badly injured by Sam Brown, in a fight in Cairo, is improving. His physicians have hopes of his recovery, although the chances are against him.

Night Operator S. Best, of the Illinois Central yard office, has resumed his duties, after a week's illness in the railroad hospital.

Varian D. J. Tedlock, of Central City, who had his foot caught under the wheels while making a coupling yesterday, will be brought to this city this afternoon and taken to the hospital.

Mr. W. A. Jones, of Fulton, has been appointed claim agent of the Illinois Central from Grenada to Paducah. He succeeds Mr. Francis Fentress.

Master Mechanic Barton has returned from Louisville.

Mr. John Jacob Astor, the New York millionaire, passed through the city today at noon in special coach No. 19, en route to Louisville from Memphis.

Train dispatcher Bennett is on the sick list and Mr. J. C. Ferguson, of Princeton, is acting as substitute.

The fast train No. 104 and 104, between Fulton and New Orleans, have been taken off the Illinois Central, as is customary every year. The change does not affect any of the trains running through Paducah.

The accommodation train No. 121, which arrives from Louisville at 3:25 p. m. will be an hour later every Sunday, to accommodate Sunday traffic, which is always heavy between small stations.

Charles M. Baker, for many years general superintendent of construction of the Postal Telegraph Cable company, has succeeded E. J. Nally as assistant general superintendent of telegraph. Mr. Nally was recently appointed general superintendent.

President Fish's special train is now in Vicksburg, Miss. It has been reported that the train will come to Paducah over the N. C. & St. L. railroad, but it is hardly probable that this will occur.

Trainmaster Jack Flynn, of the Memphis division, arrived in the city today at noon.

A CARD OF THANKS.

I wish to thank the many kind friends who were so solicitous and kind to me and my family during our bereavement and to assure them of my great appreciation of their noble deeds.

A DAILY THOUGHT.
 "The perfect saint is the perfect citizen."

THE ASYLUM MUDDLE.

Dr. E. B. McCormick, superintendent of the Hopkinsville asylum, is finding a few valiant defenders among the people and papers of Kentucky. Yet for the most part, those who are making the greatest fuss, possibly know least about the facts in the case. Many a good man goes wrong, and although the unfortunate superintendent of the asylum may be a good man, he is no better than many others who have strayed from the path of rectitude and virtue, and may have gone wrong. Opinions vary as men differ, but facts remain unchanged. It is presumed that Gov. Beckham appointed Dr. McCormick, in a better position to know the facts than those who are so disposed to cry injustice. It is presumed that if he didn't have proof satisfactory to himself he would not discharge Superintendent McCormick for the same influence that prompted him to make the appointment would reasonably impel him to retain his services, unless he knew enough to advise resignation or compel expulsion. Even though Dr. McCormick be innocent, the credence of a public man in such a position is impaired, if not destroyed, by public charges of such a nature, and this, if nothing else, would warrant his dismissal when he imprudently refused to resign after being given an opportunity.

President McKinley could have said nothing truer than his words to the thousands of enthusiastic people who greeted him at Roanoke, Va. He said: "We never had so much to do in all our history as we have now. We never had so much business at home and abroad. We never made so much and never sold so much as we sell this year. We are expanding our markets. Our productive capacity has become so great that we are not only able to supply the home markets, but we require a foreign market for our surplus, and we are seeking the open door in the Orient for the products of American soil and American labor. What we want to do now is to be prudent in our prosperity, save while we can and be strong if the storms should come; and they do now and then. Whatever comes let us be fortified by the practice of economy while we are so well employed. We are not only expanding our markets, but we are expanding our territory. The policy of the United States has always been to keep what it originally started with and hold all it honorably gets. We refused to divide our original possessions and we will be the last to desert our new possessions."

You can't keep Kansas down. With Fanning's name on every lip, and Mrs. Nation stark mad and in jail, it would be reasonable to suppose that Kansas had enough. But she hasn't. She forgets to front with a population that breaks all records for furnishing triplets. Now, Stanley, who was ambitious for the future of his state, offered to give to all triplets born during his second administration a solid silver cup. Five found mothers already have secured from the governor fifteen nice silver cups for their babies, and a recent mail found another letter, backed up with the affidavit of A. C. Duolap, of Crawford county, that two sons and a daughter were born to his wife two weeks ago. The salary of the governor of Kansas is \$3,000 per year, but at the rate triplets are being reported much of this sum will be used in the purchase of presents for babies.

Two sisters are about to go to war on account of a tree. They are Oregon and Washington. Not long ago a big tree arrived at the Pan-American exposition in five long oars. It was placed in Oregon's exhibit as an Oregon pine, and the commissioners of the Washington exhibit sailed forth and declare it is not a pine, but a fir tree, and such a hubbub has been raised that timbermen have been sent out through the Puget Sound country in Washington to find the stump of the tree, armed with which and with affidavits, Washington's commissioners will make their fight.

A London church has inaugurated the novel feature of late services for fashionable people. Many women attend in décolleté gowns and thonged wraps and the men go in evening dress. The service was started because of the complaint of fashionable people that they could not go to regular service on account of dinner engagements. It is a great success.

THE PRESIDENT'S WELCOME.
 The cordial greeting that has been extended President McKinley and his distinguished party wherever they have gone through the south, amounting in many places to an ovation, shows nothing more clearly than that the people of this great, free government of ours can rise above petty political prejudice and party feeling, forgetting creed, caste, past differences and all else, in their endeavor to do honor to the president of the greatest government the world has ever known.

If there was any doubt of a reunited country—a country once wasted by war, devastated by death and torn by the fierce hatred and conflicting emotions of the people who severed friendly relations forty years ago—the demonstrations of love, hospitality and pride that have attended the president's visit throughout the south would quickly dispel such doubt. The welcome came from the hearts of the multitudes. It was a tribute from a free and fearless people who can lay aside the sordid exactions of politics and bow in humble reverence to the man in whose hands destiny has placed to a large extent the lives and welfare of 80,000,000 people. It shows that the people of the south, ever warm hearted and true, as well as those of the north, are able to forgive and forget, and that deep in their hearts, stronger than the memory of past sorrows or woes, there lies dominant the noble impulse that makes a people great, good and generous—a magnanimous spirit that begets in the love of home, institution and country, and uplifts the people to a plane of high resolve and causes the nation to tower far above the petty nations of history.

There is no one who has done more or wished more earnestly than President McKinley, for a reunited country, and the generous greetings that have been showered upon him as he sped through the fertile, sunny south, are no doubt a source of infinite gratification to him, a triumph for the southern people, and a matter for general rejoicing everywhere.

The new sidewalks on Broadway are beginning to show up their excellent workmanship. A block of the concrete near Second and Broadway sticks out about half an inch above the surrounding blocks, and if one block does this, they are all likely to do it. A contractor who has had wide experience in such work sarcastically said yesterday, "Just wait until hot weather comes and you'll see how much better the work the concrete received is than the work it wouldn't receive."

Now that Manager J. E. English has left New York, Gotham may relapse into gloom again.

HELD FOR TAMPERING WITH MAILES.
 Paris, Tenn., May 1.—For some time packages of mail addressed to parties at this office have been disappearing. Upon recommendation of J. J. Smythe, postoffice inspector, the janitor of the office, Samuel W. Crawford, an aged negro, was arrested and his room searched. Many of the missing articles were found. He was taken before United States Commissioner W. L. Carter, where he pleaded guilty to a charge of tampering with the mails. He was bound over to the district court at Jackson and placed in the county jail in default of bail.

THE WOOL PULLING BEGINS.
 The candidates for Democratic nominations for city office will begin speaking next Monday. They will first speak in the First ward, then at the city hall, court house and Sixth ward. Some lively times are promised.

SCOTT'S EMULSION
 of cod-liver oil is the means of life, and enjoyment of life to thousands; men women and children.
 When appetite fails, it restores it. When food is a burden, it lifts the burden.
 When you lose flesh, it brings the plumpness of health.
 When work is hard and duty is heavy, it makes life bright.
 It is the thin edge of the wedge; the thick end is food. But what is the use of food, when you hate it, and can't digest it?
 Scott's Emulsion of cod-liver oil is the food that makes you forget your stomach.

BAND CONCERTS.

PROF. DEAN MAKES THE CITY A LIBERAL PROPOSITION.
 Since the Paducah band has again made itself so conspicuous and won new honors in the recent Old Fellows' celebration at Mound City, a new interest in brass band music has been created and the talk of open air concerts revived.

Prof. John Dean, the leader of the band said: "I have offered the services of my band to the public free of charge as far as the open air concerts are concerned and the only request I have made is that the city erect a band stand. When approached on the subject of a good selection for the concert I suggested that Yeiser park, as it was in the very heart of the city, would be a very suitable place. You see a great many lovers of music do not feel able to pay car fare to the park and by the concerts being given in Yeiser park they would all have a chance to hear the music. I have a band of 21 pieces and I feel no hesitation whatever in saying that it is one of the best in the state and when such a liberal offer is made the public it should not be slow in accepting."

Prof. Dean also remarked that as far as the band was concerned the concerts could be given on Broadway, but that a band stand would first have to be built. The larger city's band concerts are given every evening in the parks and the city stands the expense.

Paducah is an enterprising city and should, it seems, be perfectly willing to grant the one and only request made them in this matter, and secure the concerts. Over 50 new marches and overtures have been received by the band since last summer and after a winter's hard practice it has mastered the most difficult pieces and now has as fine a repertoire as any musical organization of its size. It is hoped that some immediate and definite steps will be taken by the city in this matter.

ARTISTIC WORK.

PRETTY TAPESTRY JUST COMPLETED BY MISS MAUDE HARRISON.

Miss Georgina McGraw, the well known artist, has a tapestry painting, executed by one of her pupils, on exhibition in Halthaz's show window. The painting was done by Miss Maude Harrison, of Clarksville, Tenn., who is in this city visiting her aunt, Mrs. G. M. Singleton. The title of the work is "At the Well," and shows a young girl standing beside a well with her back to a stone wall over which a young man leans. The work has been pronounced by local critics of no mean ability, as excellent. "The general color scheme and delicacy of the tints," one critic remarked, "are very noticeable. The smoothness of the application also merits much praise as in this class of work, tapestry painting, it is a very difficult and patience trying matter to obtain the desired smooth effect and Miss McGraw should congratulate herself on the results of her efforts." The picture will remain on exhibition for the week or two and is well worthy the notice of the most severe art critics.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MANAGER ENGLISH IS CARTOONED.

While Manager J. E. English, of The Kentucky, was in New York, one of the prominent dramatic papers contained the above cartoon, with the following:
 It must be nice to be "in"—from the looks of James E. English as he appeared to our artist while strolling down Broadway, and smilingly thought of the handsome and extensive profits daily rolling in while Murray and Mack are "Shooting the Chutes," and enjoying "visions of the additional profits that will accrue when that swell new theater "The Kentucky" opens its doors down in Paducah. He is evidently "in" and "The Kentucky"—that—"That's it." Our artist, Frank M. Kelly, secured Mr. English in his handsomest attitude.

AN EVANSVILLE BOY.

EVERY NIGHT HE PRESSES THE BUTTON THAT LIGHTS LONDON.
 Evansville, Ind., April 30.—Fred Thurman, an Evansville boy, presses the button every evening that lights the millions of sparkling lamps on the murky streets of London. Twelve years ago he worked in an iron foundry in Evansville, but being ambitious to become an electrical engineer, worked and saved and went to school. He gradually went up until he became general manager of a big Philadelphia company, and was sent to London to take charge of their business there. He attracted the attention of the municipal board, with the result that he was recently put to work at the head of the largest electrical plant in the world. He is not yet 35 years old.

THE MEDICAL ASSOCIATION PROGRAM.
 The preparation for the reception of the delegates to the Southwestern Medical Association, which meets in Paducah carnival week, are still being made and in a few days the program will be completed and published.

STOLE MONEY.

POLICE AFTER A NEGRO THIEF WANTED IN TENNESSEE.
 Marshal Collins and the police have for several days been looking for Will Lester, colored, who stole from Judge John P. Morris, of Union City, Tenn., \$17 in money and two checks amounting to \$52, out of his overcoat pocket Sunday afternoon.

Lester left Union City in a buggy, spending Sunday in Fulton. He was believed to be in Paducah, but it was learned tonight a ticket to Louisville.

PADUCAH'S SUICIDES.

The Maxfield Messenger's funny man says:
 Think of it. Paducah has more suicides than Mayfield has weddings. This must be a wicked comparison, but it is too awfully true. It takes about as much nerve for a man to get married here as it does to commit suicide in Paducah.
